

The Bakery at the Edge of Winter

120-minute plan | 4 players | No combat

The town's only warm oven is fading before the winter fair. A delivery of fuel has been diverted, but the baker will not blame the miller.

Content notice: Cold weather and resource shortage; this fictional oven procedure is not appliance guidance.

Use the public map and keep unrevealed cards face down. Your GM will give each card when it is discovered.
